

Rushikesh Chaudhari

Mb.no: 8815672077 | rushikeshc2003@gmail.com | [LinkeDin](#)

PROFESIONAL SUMMARY

Resourceful and detail-oriented Computer Science graduate with a specialization in E-Commerce Technology. Proficient in coding and software development with a passion for solving complex real-world problems. Adapt at designing and implementing scalable applications while adhering to industry coding standards.

EDUCATION

| | |
|--|------------------|
| B.Tech Computer Science and Engineering (Specialization in E-commerce Technology) | 2022-2026 |
| Vellore Institute of Technology | |
| CBSE: XII | |
| Jawaharlal Nehru School, Bhopal | 2022 |
| CBSE: X | |
| Jawaharlal Nehru School, Bhopal | 2020 |

TECHNICAL SKILLS

- **Programming Languages:** C, C++, Javascript
- **Frameworks & Libraries:** Boost, Flask, React, Node.js, STL Library
- **Database Management:** MySQL, MongoDB
- **Software Development:** Multi-threading, Concurrency, Object-Oriented Design, Design Patterns, Test-Driven Development
- **Professional Skills:** Ability to Architect Scalable Business Applications, Excellent Problem-Solving Skills, Attention to Detail, Strong Communication and Teamwork Abilities, Passion for Continuous Learning and Professional Growth

WORK EXPERIENCE/PROJECT

| | |
|--|-----------------------------|
| E-Learning Platform (under CDC Summer Internship, Full Stack Development using Mern) | Jan/2025- April/2025 |
| <ul style="list-style-type: none">• Built a full-stack web application for e-learning using React for the frontend and Node.js with Express.js for the backend.• Designed and implemented RESTful APIs for user authentication, course management, and interactive content delivery.• Integrated MongoDB for data storage and retrieval, handling user data, course progress, and enrolments.• Focused on creating a responsive and user-friendly UI for both students and instructors. | |
| Project Management Virtual Internship, Accenture | May-2025 – present |
| <ul style="list-style-type: none">• Gained insight into end-to-end project execution, from requirement gathering to delivery.• Understood the importance of client expectations, timelines, and project scheduling. | |

- Learned how to identify and assess government compliance requirements and licensing needs.
- Explored methods for recognizing and mitigating potential project risks during planning and execution phases.

Web Development intern, collegetips.in

May-2025- present

- **Frontend Development with React.js:** Building interactive user interfaces, working with components, props, state management, and integrating REST APIs for dynamic data rendering.
- **Backend Development with Node.js:** Creating server-side logic, handling requests/responses, connecting to databases (like MongoDB or MySQL), and managing API endpoints.
- **Real-World Development Practices:** Using version control (Git), debugging tools, agile methodologies (like Scrum), and collaborating in a team environment using tools like Jira, Slack, or GitHub.

CERTIFICATE

- HTML, CSS, JAVASCRIPT FOR WEB DEVELOPMENT, Johns Hopkins (2023)
- IBM cloud: envisioning your solutions, IBM (2025)
- Full stack developer using MERN, SMARTBRIDGExMONGODB (2025)
- Data Science with Python, iamneo (2025)

RELEVANT COURSEWORK

- Database Management System using relational databases.
- Foundation of Data Science and Data Visualization.
- Data Structure and Algorithms.
- System Design
- Low Level Designing
